

## **More pay, holidays and allowances for emergency workers**

### [Austria](#)

The vda and GPA-djp private service trade unions have negotiated a new agreement covering around 600 medical and health emergency staff. Workers in the Vienna region will get a 3.2% increase backdated to 1 February while increases will be set according to the appropriate arrangements in other regions and backdated to 1 January. After five years' service all workers will get an additional day of paid holidays. There is also an increase in the cleaning allowance and a child allowance of at least EUR 15 for each child from 2020.
