

Union sets out bargaining priorities

Finland

The JHL public services union says that it will aim to negotiate pay increases for lower paid workers that are higher than those in industry as a step towards reducing the pay gap between the sectors. It says this is essential to tackle low pay in sectors dominated by women. It also wants the 24 hours of extra unpaid work introduced in the Competitiveness Pact to be paid or cut while measures on carers' and paternity leave will also feature in the next bargaining round. The union carried out a survey of 8000 members to help it plan its priorities and gauge support for industrial action.
