

Health workers benefit from crisis agreement

 [Sweden](#)

Health workers in Stockholm are benefitting from the implementation of an agreement on emergency situations that provides for a 120% additional payment on top of normal pay. The agreement was negotiated by several unions last year mainly in response to the spate of major forest fires. At the beginning of the month the SKR municipal employers' organisation agreed that the critical situation arising from COVID-19 met the criteria to activate the agreement in Stockholm. The agreement provides for longer working hours and different rules on rest periods. If emergency overtime is worked then the additional payment rises to 150%.
