

National protest calling for pay rise

 [Bulgaria](#)

The CITUB confederation organised a national demonstration on 27 October calling for a 100 BGN (50 EUR) pay rise for all workers. The protest will also focus on the public services with the proposed budget for 2018 allowing for only a 5% pay increase while unions representing health and social service and other public services are calling for a 10% increase. Another slogan of the demonstration is protection of workers' rights as the government is planning to cut entitlement related to job security and sick pay. EPSU sent a solidarity message.
