

EPSU protests over threat to civil service pay and jobs

 [Poland](#)

EPSU has sent a letter to the prime minister protesting against the introduction of the so-called Shield Two law that allows for regulations to be passed to cut the jobs and pay and conditions of civil servants and other workers in public administration. Poland has not declared a state of emergency and yet the legislation was rushed through without the normal parliamentary procedure nor consultation with trade unions. Furthermore, parts of the Labour Code and legislation on collective redundancies will not apply if the regulations are implemented.
