### [Norway](#)

Following mediation, trade unions ELogIT and Fagforbundet have negotiated a new energy sector agreement that delivers a 5.6% pay increase on all pay rates plus a NOK 27000 (EUR 2480) increase on the minimum wage rate for occupations requiring technical/vocational training taking it to NOK 460000 (EUR 42250). The agreement includes several other improvements to working conditions relating to changing and toilet facilities (particularly for women), standards for accommodation when working away from home and compensation for extra long shifts. A framework for home work is being developed in consultation with trade unions.
