

Strike planned across health and public administration

 [Italy](#)

The Cgil, Cisl and Uil Pa public service federations have declared a one-day strike on 9 December covering public health, and local, regional and central government. New collective agreements are due to be negotiated across these sectors but the unions argue that the government has failed to guarantee funding to cover any negotiated improvements. They also say that there is no commitment from the government to ensure safety at work, to increase employment or to tackle precarious work.
