

Further mobilisation and strike action in the energy sector

[France](#)

Following mobilisations on 14 and 19 January in protest at restructuring plans affecting the ENGIE and EDF energy companies, trade unions have set dates for further action in February. The four energy unions are planning joint mobilisations on 4, 10 and 11 February to coincide with key debates in parliament. Strike action is planned for the 10th when the head of EDF will be taking part in parliamentary hearing. The unions have also been lobbying MPs, 83 of whom have joined with the unions in sending a letter to the government protesting against the EDF “Hercule” restructuring project.
