

Union launches petition on negotiations in provincial government

 [Netherlands](#)

Unions representing staffing in provincial government, including FNV, have suspended negotiations following what they regard as an unacceptable pay offer from the employers of only 0.6%, with inflation currently at 1.9%. They have now launched a petition to get broad support from staff and get negotiations back on track. Noting that productivity has increased with a significant rise in telework, they are looking for a 2.5% pay increase, a fair homeworking allowance and measures on sustainable employability.
