

# Unions confirm timetable for public sector negotiations

## Spain

The main public service unions – CCOO, UGT and CSIF – have agreed dates with the Ministry of Finance and Public Function to [negotiate](#) a new agreement covering public administrations and public services. The negotiations will focus on the impact of rising inflation on salaries along with some key other themes including digitalisation, retirement, internal promotion, mobility and professional career development. There will also be discussions about speeding up implementation of the plan to reduce the extent of temporary work and get below the threshold of only 8% of jobs having temporary contracts.
