

REMINDER : pay survey in energy, waste and water

[Europe](#)

There is still time for EPSU affiliates in energy, waste and water to ask their members to complete the online survey on pay and conditions. The questionnaire takes about 15-20 minutes to fill in and is available in 21 countries in national languages. The data from the survey will be available to EPSU affiliates and will be discussed at a conference in Vienna on 26-27 September. The project is funded by the European Commission and co-ordinated by researchers at AIAS in Amsterdam.
