

Nine union organisations condemn public service legislation

 [France](#)

Nine trade unions organising in the public services - CGT, CFDT, FO, UNSA, FSU, Solidaires, CFE-CGT, CFTC and FA-FP - have stated that they will continue to oppose the measures that are set to be implemented by the law on transforming the public sector that was voted through by the Senate on 23 July. The unions argue that the legislation will make it more difficult for them to protect workers' interests as it will weaken joint administrative committees and abolish committees dealing with health and safety and working conditions. They also warn that it will lead to more temporary employment and limit workers access to permanent contracts or civil service status. The unions are urging the government to engage in a proper process of social dialogue. The nine organisations are due to meet on 5 September to consider their next steps also in regard to pay and pensions.
