

Thousands protest over education spending and workers' pay

 [Ukraine](#)

On 29 October thousands of people took part in a protest rally outside parliament to call for urgent action in the education sector. The demonstration was supported by EPSU affiliate the Trade Union of the National Ukrainian Academy of Science. The wide range of demands included a call for an increase in education spending to 7% of GDP, implementation of approved pay scales and an increase in the sector minimum wage and action to prevent teacher dismissals, transfer to fixed-term contracts and increases in working hours.
