

# Thousands demonstrate for public sector workers' rights

 [Spain](#)

Around 10000 workers joined a demonstration in Madrid on 14 December called by the CCOO and UGT trade unions as part of their campaign to win back rights for the three million public sector workers who have been hit by austerity measures. Public services have been hit by job cuts while workers have seen their hours increased and pay fall by 13% in real terms since 2010. EPSU president Isolde Kunkel-Weber joined the march and expressed solidarity on behalf of EPSU.
