

Unions welcome three-year deal in electricity sector

 [Italy](#)

The three unions in the electricity sector - Filctem-Cgil, Flaei-Cisl and Uiltec-Uil - have signed a new three-year agreement covering 50000 employees. Workers will see a EUR 104 increase in pay, paid in three instalments, topped up with EUR 15 as a productivity bonus and EUR 5 related to welfare benefits. There will also be a EUR 100 lump sum paid this year. The agreement includes initiatives to improve health and safety, to ensure contractors are covered by the agreement along with several other measures benefiting working parents and women workers.
