

# **Federation criticises lack of equality plans across public administration**

## [Spain](#)

The FSC-CCOO public services federation has expressed its concern about the lack of equality plans across regional and provincial authorities. In a meeting of the Committee that deals with equality plans it was revealed that only six of the autonomous communities have a plan in place. The 11 others have no plan although may have taken some measures that would feature in a plan. The situation in the 50 provincial authorities is worse with very few - only nine having - a plan with a further six taking the first steps towards adopting one. The union has called for proper monitoring of the introduction and implementation of plans across the public administration, noting also that some have not been further developed or put into effect.
