

## **Pay deal for council workers in Carinthia**

 [Austria](#)

The GDG-KMSfB union has negotiated a pay deal for employees of local authorities in the Carinthia region. There is a 2.56% increase plus a flat-rate rise of €11,10 a month. This is the same as the main agreement negotiated at federal level but applies from 1.4.2012 rather than 1.2.2012. There will be further negotiations in 2013 in contrast to the arrangements covering employees of the regional government in Carinthia who get the same increase in 2012 but a pay freeze in 2013 and in 2014 the increase will be the same as at federal level.
