The Health Workers' Union of Ukraine (HWUU) organised a major protest outside the national parliament on 19 September focusing on pay, healthcare funding and against the commercialisation of the health system. The union called on the government to respond to the labour dispute registered by the union last year and to deal with urgent issues around unpaid wages and failure to properly implement the agreed pay system. The union was also calling for increased funding for the sector and other initiatives to improve health provision. EPSU sent a message of solidarity.
