

Union to call for flat-rate pay rise and action on training

 [Denmark](#)

Following a strategy meeting to discuss its key priorities, the FOA public services union has announced that it will be calling for a flat-rate pay increase in the forthcoming collective bargaining round. The union says this will be important in continuing to tackle low pay and close the gender pay gap. The FOA also wants action to improve training and education for unskilled workers. The union will be coordinating bargaining with 35 other trade unions and the first joint meeting with employers will be on 12 December.
