

Strike threat pushes government to confirm pay deal

 [Cyprus](#)

Unions organising local government, semi-public sector and contract workers called off a planned 3-hour strike following confirmation by the government that it would honour an agreement signed in January this year. The agreement included a commitment to a pay rise/recuperation of some of the pay cuts imposed since 2012 once the economy was growing again. The unions planned the strike when the government initially refused to discuss a pay rise despite positive economic developments.
