 [Italy](#)

The FP CGIL trade union has signed a new collective agreement covering firefighters which has important provisions for a general pay rise, increased overtime pay and increased payments recognising the arduousness of the occupation. With these key pay-related elements agreed, the union says that negotiations will now move on to deal with a wide range of other employment conditions covering health and safety, provisions for firefighters who can no longer manage active service, training, insurance against occupational accidents and diseases as well as the overall organisation of the service.
