

## **Union aims for 5% increase in pay campaign**

 [U.K.](#)

The PCS civil service union is calling for a 5% pay increase in its campaign to end the 1% pay cap. The union has called for talks with the government on pay and is urging its members to begin preparations for a possible ballot for industrial action. The union has been petitioning on the issue and organised a rally in early March. As part of its pay campaign PCS is also calling for support for the national demonstration organised by the TUC confederation under the banner "a new deal for working people."
