 [U.K.](#)

The solidly supported two-day strike by around 8000 local government workers in Glasgow was successful in getting the council back to the negotiating table. The strike was over the council's failure to deal with longstanding demands for equal pay for a wide range of low-paid women workers in care, catering, cleaning, school support and other services. The strike on 23-24 October was called by the GMB and UNISON trade unions and UNISON now reports that initial talks with the council have been positive and constructive. EPSU, PSI and many affiliates sent messages of support.
