

# **Union will mobilise against region's plans for cuts**

## [Switzerland](#)

The vpod public services union is planning to mobilise against the plans by the Geneva regional authority to implement deep cuts in public spending. The union argues that these measures are an attack on public sector workers as well as citizens and will seriously undermined public services. Among the many proposed changes to workers' conditions are a two-hour increase in the working week and weaker job protection rules.
