Invitation EPSU Prison Services Network Meeting

25-26 September 2013

Hotel International Bucuresti, Bucharest, Romania

Dear Colleagues,

We are pleased to invite you to the next meeting of the EPSU prison services network hosted by our Romanian affiliate SNLP.

It will start on Wednesday 25 September at 09h00 and end on Thursday 26 September no later than 15h30, including a visit of a prison in the vicinity of Bucharest.

The agenda will be sent nearer the date of the meeting and include the following:

- Social dialogue including pay bargaining building upon initial results of the SNLP project “itinerariul dialogue” on capacity-building of social dialogue and trade union membership in prisons in Romania. We use this opportunity to remind you to fill in the related project questionnaire <https://qtrial.qualtrics.com> thanks. The project outcome will include training material that can be relevant to other countries.
- Common demands for training of prison staff (follow-up to last meeting in Oslo).
- Update on EPSU activities against austerity.
- Prospects for further cooperation in Europe in prison services.

Since our last meeting in Oslo, to note, a summary of the responses (October 2012) to the European Commission’s Green Paper on detention conditions is available in English <http://ec.europa.eu>. Some 21 governments have responded to this consultation, alongside civil society and trade unions (EPSU and PCS). The summary fails to pick up the impact of the austerity measures on detention and working conditions, employment staffing levels and role of social dialogue. It does, however, mention, the role of good working conditions for prison and probation staff and

training of prison staff (in relation to the application of the European prison rules). Overall, in contrast with civil society, there is little support amongst governments for common initiatives at EU level on pre or post-trial detention, other than exchanges of practices.
