

Pay and pensions among key demands for protesting unions

Ukraine

(December 2016) The FPU trade union confederation organised a national demonstration on 8 December to keep the pressure on the government as it drafts its budget for 2017. The unions have a number of demands including urgent action to tackle low pay and wage arrears. Better pensions and protection of the health service against commercialisation are also important priorities (see resolution for further details). EPSU sent a solidarity message.
