

[Union negotiates five agreements in municipal sector](#)

 [Sweden](#)

(June 2017) The Kommunal municipal services union has signed five agreements with municipal companies represented by the KFS employers' organisation. The agreements cover care, consultancies, real estate and business and museums and archaeological activities. They follow the main trend of a 6.5% pay increase spread over three years with the care agreement including additional increases for nurses, as did the main municipal agreement.
