

Europe: a trend to remunicipalisation?

After many years when privatisation, contracting-out and outsourcing have been the dominant trends across the public services, there is now increasing evidence, particularly in the municipal sector – including water and energy – of trends in the opposite direction. The Public Services International Research Unit (PSIRU) at Greenwich University in London has produced a short briefing for EPSU that looks at the background, the latest evidence and highlights some of the key issues facing trade unions faced by re-municipalisation.
