

[New public procurement Directives](#)

(8 January 2015) The December 2014 edition of the quarterly newsletter from the European Institute for Construction Labour Research (CLR) focuses on the new public procurement Directives and the implications for social standards. The newsletter includes a trade union perspective with a contribution from EPSU on the new EU legislative framework adopted in 2014. - CLR News 4/2014: Trade - procurement - labour standards
