

# **Municipal unions take initiative on full-time work**

## [Norway](#)

The public services unions Fagforbundet and Delta and the NSF nurses' union have signed a declaration with the KS municipal employers' organisation calling for further co-operation to create a culture of full-time work in the sector. The unions want to see a reduction in part-time work which leads to part time workers, the vast majority of whom are women, losing out, particularly in terms of their pension benefits. While some steps have been taken, the unions are still concerned that there is too much part-time work, especially in the health and social care sectors. A website has been set up to provide municipal workers with information about the declaration.
