

Fighting Privatisation - Third Congress briefing

(15 November 2018) Across Europe the quantity and quality of our public services and the pay and conditions of our members are under threat from privatisation. This third briefing shows how we are committed to fighting privatisation in any of its forms whether contracting-out and sub-contracting, public-private partnerships (PPP) or various processes of commercialisation or marketisation.

Further briefings will be published over the coming weeks and months We expect that they will assist in preparing delegates and others for the crucial debates we face. The next three will cover:

- Getting to grips with digitalisation
- Gender equality
- Fighting for tax justice.
