EPSU workshop on digitalisation: update on activities and plans for the future
8 December 2022 on-line with zoom
(Languages: EN, FR, IT, PT + ES, RU passive)

Draft Agenda

During the workshop there will time for Q&A and short contributions covering, for example:
- *Recent collective bargaining or regulatory developments at national level on digitalisation (or aspects of it) and the impact that these have had on use of new digital processes*
- *The impact (positive and negative) that AI is having in specific services.*
- *Developments regarding the use of digital labour platforms.*

Morning session 10h00-12h00
