EPSU Youth Network : meeting on 4 February 2015

Dear members of the Network,

A couple of days ago you should have received a save the date for the next meeting of the network. It will be the first after the Congress and it will elect a steering group for the next few years. So I encourage you to come.

Please find attached the current members of the network. Yesterday a general circular was sent to all EPSU affiliates to nominate more people to the network as there are some countries not yet represented.

The meeting will take place on **February 4th 2015 at the EPSU offices** (Rue Joseph II number 40 third floor – see map attached) in Brussels. The working languages will be **English and French**. The meeting should start at **11am and finish around 5pm**.

The agenda will roughly be: presentation of the work programme of the back2ourfuture campaign and European project, debate of the Congress resolution on youth, election of a steering committee and upcoming meetings and dates.

It is very likely that the day before we will try to meet young Members of the European Parliament following on the event we organised in October (see attached the report by one of the attendees). We invite you to book a flight or train to arrive on the day before [before noon] so we can go to the European Parliament. For those representatives outside the European Union that might not be of interest but you are welcome to come. If you can't come the day before, you can come and go on the same day. This is not yet confirmed but we are working on it.

There is financial assistance, as usual, please read the rules attached. If you belong to a country with financial assistance, please contact us **BEFORE** buying any ticket. If you intend to come **PLEASE FILL THE FORM ATTACHED as a first step**. No reimbursement will be made without the form previously sent to us. **The deadline for registration is December 17.**

In the coming days we will send you further reports of the events where members of the network has participated but please also find attached, for your information, a document of the European Anti Poverty Network on youth issues.

Yours

Pablo SÁNCHEZ CENTELLAS
