

ETUCE on digitalization in the education sector

16 June 2023

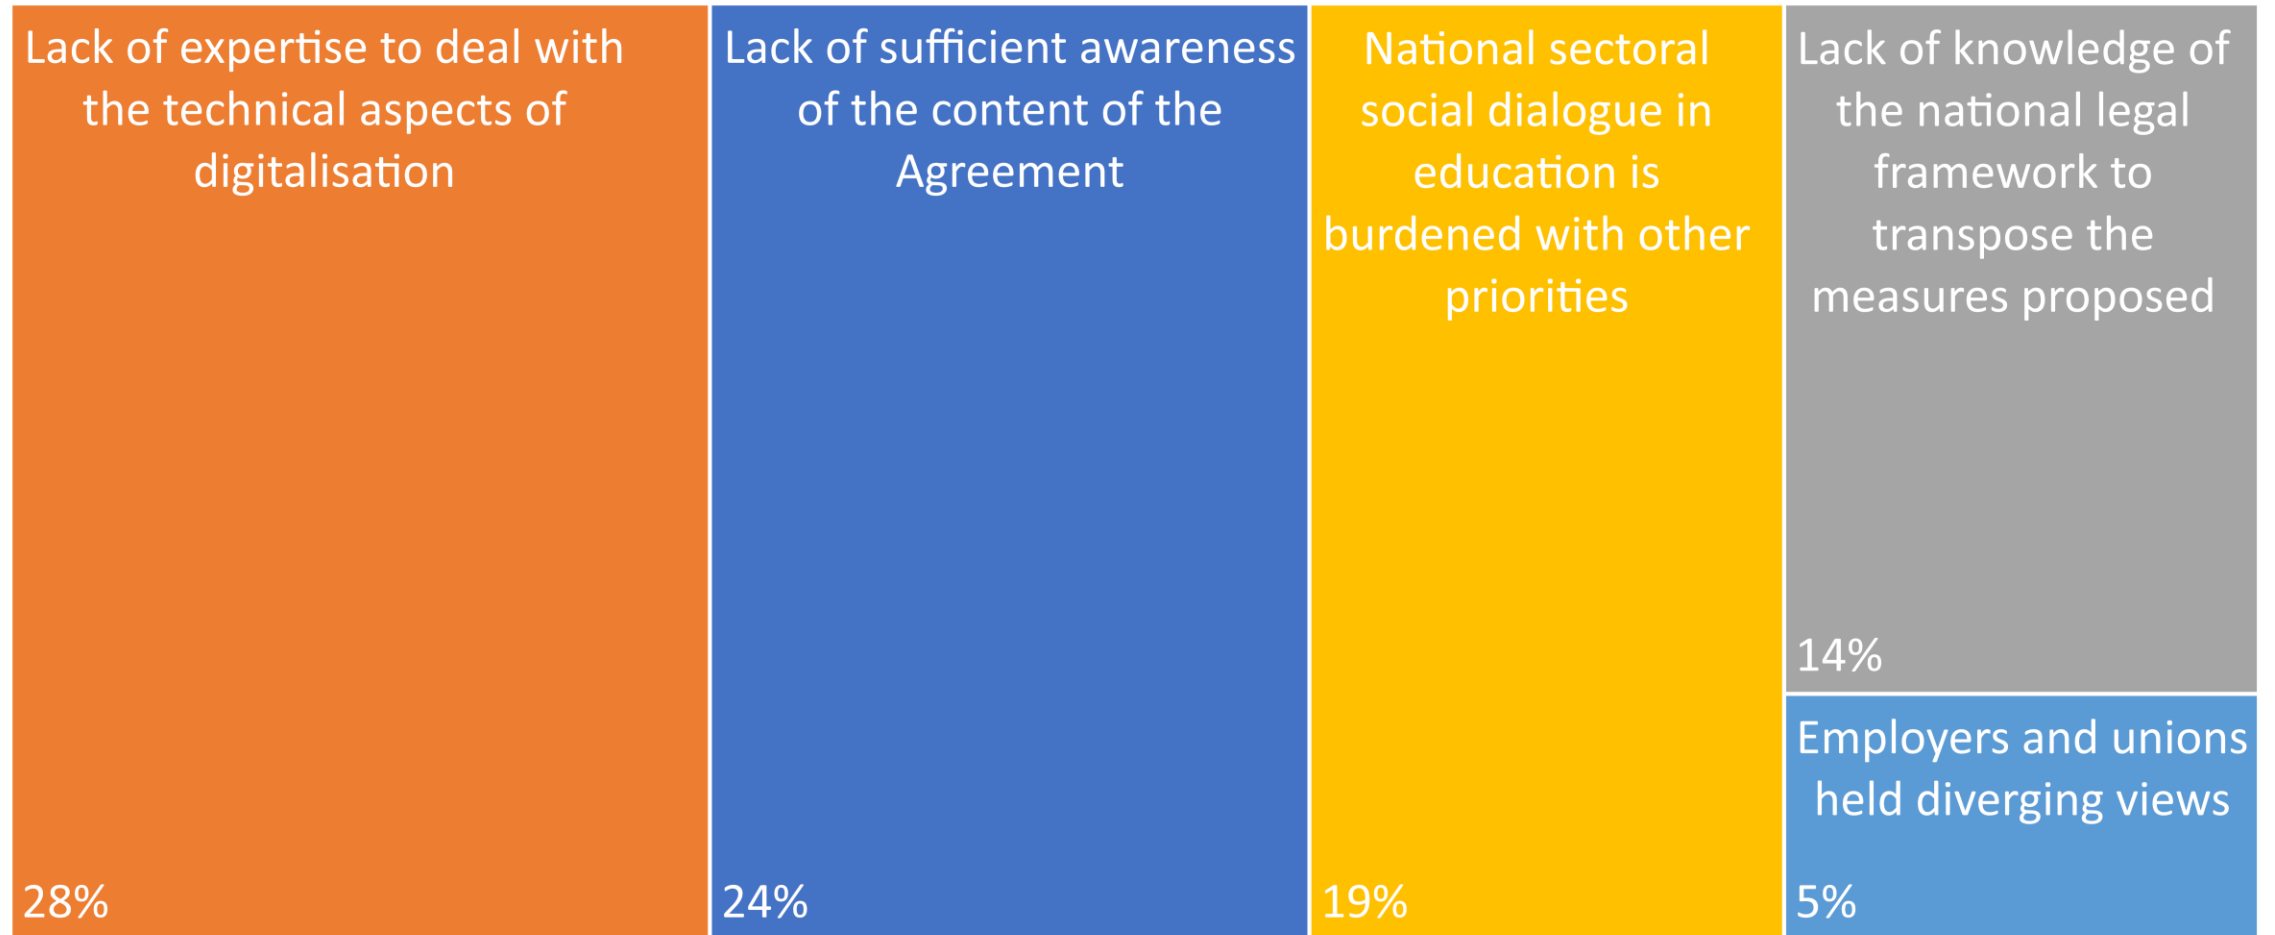

Education International - European Region

Some figures

Challenges in the implementation

ETUCE-EFEE “E-Speed” project’s findings

European Social Partners in Education Embracing Digitalisation

- Intensification of teacher workload
- New challenges on health and safety, e.g. cyberbullying and cyber-harassment
- Social and pedagogical impact
- Gaps initial and continuous professional training on digital pedagogy, including online/blended teaching

ETUCE-EFEE Statement on opportunities and challenges of digitalisation for the education sector (2021)

1. Raise awareness on digital education as a supportive tool, in the full **respect of the social and pedagogical value**
2. Support a **need-based approach**, while respecting the **professional autonomy**
3. Advocate for increased and equally **accessible public investment** for **inclusive** and **sustainable** digital infrastructure and tools
4. **SD & collective bargaining** on policy recommendations on digital education

5. Promote **equal access** to digital tools & enhanced **digital literacy**
6. Call on the EU and MSs to address the increasing and deregulated **involvement of private actors** (e.g. EdTech) in the provision of digital education platforms and content
7. Address **health and safety** issues stemming from digital education and enhance digitalisation dimension in the assessment tools (e.g. OiRA)
8. Share **good practices** on the use of digital education
9. Explore **further joint work** of ESSDE on new emerging developments of digitalisation in education

Online interactive Risk Assessment (OiRA)

OiRA for HER (2023-24)
OSH4Edu (2020-21)

Developed with the support of European Agency for Health and Safety at Work (EU-OSHA)

The OiRA tool:

- facilitate the systematic and thorough assessment of risks in educational institutions
- develop an action plan to identify prevent, and address risks related to the workplace

Cross-sectoral Agreement on Teleworking and Right to Disconnect

Negotiation modules:

Module 1: Definitions and Scope

Module 2: Voluntary Character

Module 3: Employment Conditions, Equal Pay and Treatment

Module 4: Data Protection, Privacy, Control, and Monitoring

Module 5: Equipment, Use, Payment of Costs

Module 6: Health and Safety

Module 7: Training

Module 8: Organisation of Work and Right to Disconnect

Module 9: Collective Rights

Module 10: Enforcement, Transposition, Follow-up
