**Discover Vilnius** - the baroque beauty of the Baltic. Vilnius has one of the largest Old Towns in Central and Eastern Europe where the buildings of different styles and the network of medieval streets are very well preserved. The area was built up in the 14th and 16th centuries, and its narrow winding streets, hidden courtyards and lavish old churches retain the feel of bygone centuries.

During the tour, the professional guide will show gems of the Old Town with beautiful Cathedral, Castle area. We will see the Presidential Palace and University ensemble, walk through cobbled cosy narrow streets, hidden courtyards and subtle statues. Moreover, the tour will offer a possibility of visiting the gothic pearl that Napoleon admired in Vilnius. We will also hear about Lithuania neighbourhood - the independent artist Republic of Užupis, unconventional and a compact unique breakaway enclave of artists and eccentrics. The tour will as well provide the possibility of seeing the panorama from Subačius Hill viewpoint. Visit in the Old Town will continue through Ausros Vartų Street famous for the Chapel of the Virgin Mary of Mercy of the Gates of Dawn, Russian Orthodox and Uniate Churches. As well the tour will continue close to National Philharmony, Town Hall Square. After the visit in the Old Town during the drive, you will have a chance to see the new Vilnius areas, that are the pride of contemporary architecture in the capital.
