Hungarian Culture Workers fighting for decent
pay**

Hungarian librarians, museum and other staff have been fighting for a decent increase in their pay. With events and actions in the whole country they draw

attention to their situation on 20 January.

The government has created a whole group of undervalued and underpaid workers. With public actions under the slogan "You can not strip us down further" workers captured the media. Eddy Stam of the Dutch union FNV and supporting EPSU's work on organising addressed a rally in Budapest.

EPSU is organising culture workers. For more information
