

Pay deal in private eldercare

Denmark

(March 2017) Public services union FOA has negotiated a new three-year agreement with employers covering around 10000 workers in the private eldercare sector. The deal includes a DKK 2.50 (EUR 0.33) increase on the hourly rate in each of the next three years. There are also provisions covering rights of employee representatives and skills development. The agreement is now out for approval by the membership.
