

Unions build for national women's strike on 14 June

[Switzerland](#)

The vpod/ssp public services trade union along with the SGB/USS trade union confederation is continuing to build for the national women's strike planned for 14 June. The aim of the strike is to address 10 major issues including the gender pay gap, work-life balance, working hours that are either too short or excessively long, sexual harassment and violence, inadequate pensions and the undervaluation of women's work. Along with strike action the unions will be organising events and actions at workplaces and towns and cities across the country.
